I urge you to deny Cox Communications an increase in their Maximum Rate charges for Cox Digital Telephone. They want this to occur on October 1, 2011. The utilities must think their customers are walking around with cash falling out of their pockets. Cox can cut costs just like millions of American people are having to do. We will soon have to cancel necessary services because we can no longer afford the cost increases. That will have a negative affect on the economy. Stop the madness.
